Certifications

- Bachelor's in Computer Science : **University of Batna 2** , June 2021

- Fundamentals of digital marketing : **Google Digital Garage ,** Sep 2021

Interests

- Created new Products or SAAS like Payment & Academy Platforms to help people in this world .

- Learn & Create new Software & SAAS based on Blockchain & Smart Contract.

- Now I am learning all about Blockchain like Smart Contract, Web3, DApps, NFTs. Because the
  future will depend on NFTs & Smart Contract. So why shouldn't I be one of the first to
  learn these technologies?
  I'm also learning Cloud, MongoDB, to make these technologies Secure.
